This memorandum is in response to a request by Mr. Jeffery Robichaud, ARDT/RCAP, to verify that the closure of this site has been completed.

I arrived at the above site at approximately 10:00 A.M. on May 13, 2002 and was met by Mr. Melvin Cunningham, who acted as the official facility representative. A GPS reading was taken at the main entrance to the site, **see photo #5**. Mr. Cunningham signed the CBI Notice requesting no confidentiality.

The visual inspection of the site confirmed that the closure has been completed, **see photos #1, #2 & #3**. It appears that Mr. Cunningham has substantially complied with your directive to remove all contaminated soil.
